How to Measure

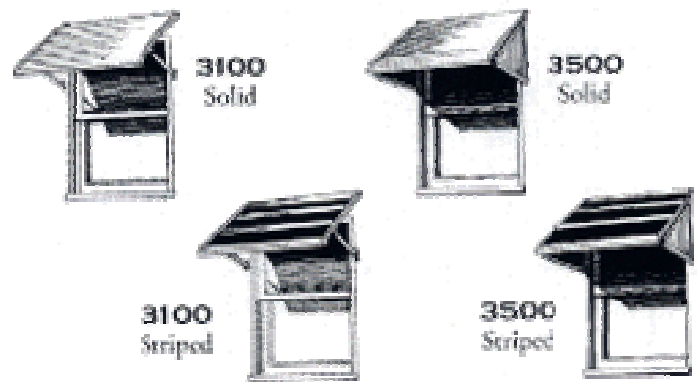

Series 3100 & 3500 Aluminium Window Awnings

Series 3100 and 3500 Window Awnings are shipped partially assembled with all necessary hardware for quick and easy installation complete instructions included.

Step 1: Using chart below, Choose the DROP that best suits your needs. This will determine how far down the window the awning will come. The DROP associated with the "Window Height" (A) is only a suggestion. You may choose any of the drops within the table you wish.

Step 2: Measure outside of window casing - edge to edge (B). If you mount the awning on the window casing (frame), this measurement is what you need. If you wish to mount the awning on the house wall then you need to add, at least, 1.5" on to each side to determine the final measurement. Awnings cannot be mounted on shutters.

Step 3: Color and Pattern Choices—Select color and pattern that best compliments your home from our selection of 13 color choices.

- Canopies are available in solid or striped pattern (No additional cost).
- Series 3500 Side wings are available in solid color only.
- Undersides of all aluminium canopies are white only.

Note: Special Orders in Custom widths up to 84", in one piece, in 1" increments are available. Call 1-800-922-4760 for pricing on special sizes

| Series 3100 & 3500 Awning Models | Model 4 | Model 5 | Model 6 | Model 7 | Model 8 |
|----------------------------------|---------|---------|---------|---------|---------|
| For Window Heights of: | 36" | 46" | 56" | 66" | 76" |
| Projection | 16" | 20" | 24" | 28" | 33" |
| Drop Approx. | 20" | 24" | 28" | 32" | 37" |
