How to Measure... for the Series 3700 Fabric Window Awning

Fabric Window Awnings make a better home. After you install your window awning, add a door canopy kit for shade, or retractable awning kits for sun protection. Window Awnings offer great sun protection or protection from the elements for any window on the home. Trust us for quality products at discounted prices.

Step-1: Choose the DROP & PROJECTION, using chart below, that best suits your needs. This will determine how far down the window the awning will come. The DROP associated with the "Window Height" (A) is only a suggestion. You may choose any **of the drops within the table** you wish.

Step-2: Measure outside of window casing - outside edge to edge (B). If you mount the awning on the window casing (frame), this measurement is what you need. If you wish to mount the awning on the house wall then you need to add, at least, 1-1/2" on to each side to determine the final measurement. Awnings **cannot** be mounted on shutters.

Step-3: Select a fabric that best compliments your home, from our selection of over 45 fabrics . The complete line of Sunbrella fabrics is open to you. All we need is a name and number of the fabric you would like.

Note: Get the width you need going up in 1" increments.

Awning Model #	4	5	6	7	8
For Window Heights of:	36"	46"	56"	66"	76"
Projection	15"	18"	24"	28"	32"
Drop Approx.	20"	23"	28"	32"	37"

Step-4: To Order - Call 1-800-922-4760 with the following information

	Step-1	Step-2	Step-3	
Quantity	Series 3700 Window Awning Model#	Awning Width	Fabric Number	Fabric Name
