Series 5500 Aluminum Roll-Up Window Awning

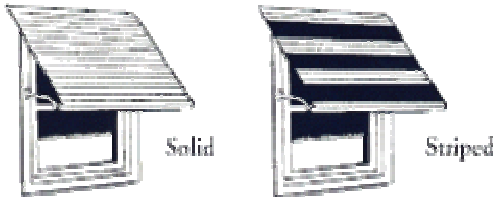

Step 1: Using chart below, Choose the DROP that best suits your needs. This will determine how far down the window the awning will come. The DROP associated with the "Window Height" (A) is only a suggestion. You may choose any of the drops within the table you wish.

Step 2: Measure of window casing - center to center (B). If you mount the awning on the window casing (frame), this measurement is what you need. If you wish to mount the awning on the house wall then you need to add, at least, 1.5" on to each side of an "edge to edge" measurement to determine the final measurement. Awnings **cannot** be mounted on shutters.

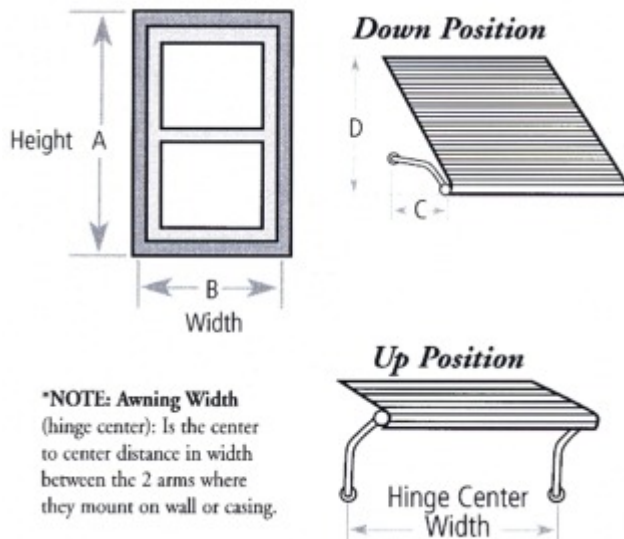

Step 3: Color and Pattern Choices —

Select color & pattern that best compliments your home, from our selection.

- Canopies are available in solid or striped pattern (No additional cost).
- Undersides of all aluminum canopies are white only.

Note: Special Orders in Custom widths up to 84", in one piece, in 1" increments are available. Call (800) 922-4760 for pricing on special sizes

Series 5500 and 5700 Window Awnings are shipped partially assembled with all necessary hardware for quick and easy installation complete instructions included.

Obtaining necessary permits is the sole responsibility of purchaser. Customers agree to hold ScreenHouses Unlimited and manufacturer free of any liability for improper installation, maintenance and repair.
