#### Do you have questions?

We would love to help! Call and talk it through with us.

**Call: 1-800-922-4760...**

We provide personal service and advice on your selection.

Please call or [email us](mailto:email@patioconcepts.ca) with your questions on deck size, clearances, installation advice and tips. We are here to serve.

Create shade, protection and comfort anytime you want. The SunSetter® retractable awning makes your deck or patio as much as 11° cooler, while guarding your family and guests from harmful UV rays. It also helps lower your air conditioning bill by shading windows and glass doors from direct sunlight.

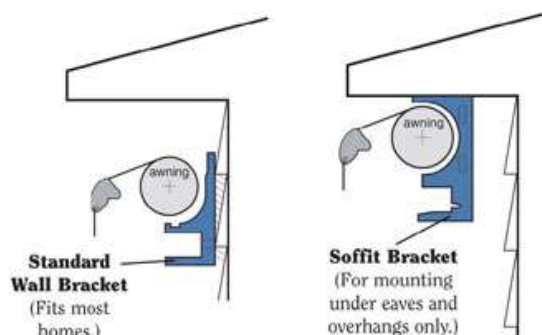

- Available widths: 10 ft. to 20 ft., in one-foot increments.
- Unit comes with UL listed specialized Somfy awning motor
- Remote Control Operation: Lets you open and close your awning from anywhere, even from inside your home.
- Remote Control is included with all motorized SunSetter models.
- All aluminum framing in a beige baked on enamel finish
- Motorized dual arm double cable system for easy opening and retracting
- Motorized model includes an automatic over-ride and crank handle in case of power outages!
- Projection: Up to 10' 2" from your house (the 10 and 11 foot awnings extend out 9 feet).
- **Requires electricity:** The 18-ft. cord plugs into any grounded outlet. You can select your awning with a left or a right motor, depending where your outlet is located. If you have no grounded electrical outlet nearby, you may need to have an electrician install one. We strongly recommend a ground fault interrupter-style outlet.
- You will need to determine right or left hand side operation (outside looking in).
- This model can be partially opened in any position.
- Awning comes pre-pitched at 29" over 10' - - can be adjusted after installation
- Five foot (5') drop down weather-breaker panel available as an option if you choose to "go PRO."

Fabric and Color choices: Available in two fabric choices:

- (1) Woven acrylic fabric in 16 decorator color choices
- (2) Traditional laminated (vinyl) 14 oz. fabric in 12 color choices

- Both fabrics block up to 99% of harmful UVA & UVB rays.
- Minimum vertical height under overhangs needed for installation: 7 ft. 6 in.
- Choose from a wall mount bracket or a soffit mount bracket >>>>>>
- Can be owner installed: Yes, easily, in just 2 to 3 hours.
- Can be installed on wood, brick, stucco, aluminum and vinyl siding: Yes.
- Can be installed directly on eaves and overhangs:  
Yes, just choose the soffit mount brackets when you order.
- Warranty: 5 years

- **Prices in (\$) CAN**  for Delivery Included to most major centres
- **Call 1.800.922.4760 to place your order**
