We provide personal service and advice on your selection.

Please call or [email us](mailto:requests@patioconcepts.ca) with your questions on deck size, clearances, installation advice and tips. We are here to serve.

Create shade, protection and comfort anytime you want. The SunSetter® retractable awning makes your deck or patio as much as 11° cooler, while guarding your family and guests from harmful UV rays. It also helps lower your air conditioning bill by shading windows and glass doors from direct sunlight.

- Available widths: 14 ft. to 20 ft., in one-foot increments.
- Unit comes with UL listed specialized Somfy awning motor
- Remote Control Operation: Lets you open and close your awning from anywhere, even from inside your home.
- Remote Control is included with all motorized SunSetter models.
- All aluminum framing in a beige baked on enamel finish
- Motorized dual arm double cable system for easy opening and retracting
- Motorized model includes an automatic over-ride and crank handle in case of power outages!
- Projection: Up to 11' 8" from your house
- **Requires electricity:** The 18-ft. cord plugs into any grounded outlet. You can select your awning with a left or a right motor, depending where your outlet is located. If you have no grounded electrical outlet nearby, you should have an electrician install one. We strongly recommend a ground fault interrupter-style outlet.
- You will need to determine right or left hand side operation (outside looking in).
- This model can be partially opened in any position.
- Awning comes pre-pitched at 29" over 10' - - can be adjusted after installation
- These fabrics block up to 99% of harmful UVA & UVB rays
- Fabric and Color choices: Woven acrylic fabric in 16 decorator color choices
- Five foot (5') drop down weather-breaker panel optional.

- Minimum vertical height under overhangs needed for installation: 7 ft. 6 in.
- Can be owner installed: Yes, easily, in just 2 to 3 hours.
- Can be installed on wood, brick, stucco, aluminum and vinyl siding: Yes.
- Choose from a wall mount bracket or soffit mount bracket >>>>>>>>
- Can be installed directly on eaves and overhangs: Yes, just choose the soffit mount brackets when you order.
- Warranty: 5 years
- **Prices in (\$) CAN**  for Delivery Included to most major centres
- **Call 1.800.922.4760 to place your order**

14' - 20"		\$725.00	\$688.75

Built-in Weatherbreaker

When the sun gets low in the sky, or the breeze starts blowing napkins off your table, just roll down this built-in, cream coloured, UV treated vinyl screen to block up to 60% of the sun and wind, but still let in light and air! Hidden inside the front bar when not in use, this exclusive SunSetter feature is just the thing to help protect you against hot sun, mist, and wind that might come in under the front of your awning. Unrolls in seconds, quietly and easily, using the simple hand crank we provide.

We accept VISA, MasterCard and PayPal payments
