- Ideal for hot tubs. These panels are 79" high and a complete sliding screen door system is also part of this package. It comes with either white or taupe frames and a 5 color choices of a triple ply vinyl top.
- The roof rafter system is made with 1" diameter galvalum extrusions for rustproof strength and durability.
- The roof system has been specially designed with a 25 degree pitch (boasting a 111" peak height). This allows for a 4 season set up preventing an extreme accumulation of snow on the roof. An interior heat source (such as a hot tub) could make snow on the roof stick to the vinyl so we would always recommend common sense when dealing with snow.
- The vinyl top has a patented system of air circulation vents while being 100% waterproof.
- This is a very high quality, long lasting gazebo style room that is easily assembled within a few hours.

- The triple ply, heat sealed (welded joints), 14 ounce soft vinyl roof is made to last!
- Vinyl Top Color Choices - Hunter Green, Navy Blue, Medium Gray, Burgundy, Taupe or White
- Privacy panels/windbreaker panels are available. Simply snap them in behind the screen.
- The kit includes complete brackets and moldings to secure your unit to the deck or patio.
- Decorative aluminum side walls may be incorporated into your unit for added beauty and style.
- Clear Mylar windows are also an option, which snap in right behind the screen, keeping out the wind and rain.

Warranty

Jardin Gazebo's and Screen Rooms are guaranteed free from all defects in workmanship and materials for a period of 1 (one) year following shipment of the unit from the factory. Due to the nature of the fiberglass screening used in these items, Veranda Jardin cannot guarantee the screen itself after the box has been opened. This warranty is void in the event the unit has been subject to abuse or incorrect assembly. Veranda Jardin is not responsible for damage caused by weather.
