

## Trailer Deck Enclosure System

Do it yourself trailer mounted screen room kits

Do-it-yourself home improvement is here. You can install your own trailer mounted screened enclosure or even a set of screened walls to fit specifically to your existing roof line. Trailer deck enclosure kits provide shade and protection from mosquito's (provides some protection from the West Nile virus) and they are easy to assemble. Stand-alone Gazebos and 3-sided patio enclosure additions are designed for the homeowner to assemble. Free information is available by phone for all screened enclosure kits.

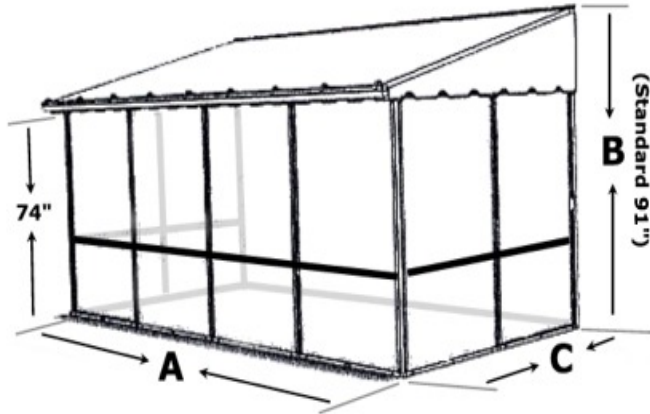

- An extended awning with Roof Rafter System and Screen Panel System to give you the best of the outdoors
- **Designed for trailer use.**
- Remove vinyl top easily for winter storage. - **Not recommended for a snow load.**
- U - channel deck attach system allows removal of screens easily, if required by park management.
- Back wall height is set at 91" – specifically for trailers - with a drop to 75" at the front.
- The panels that would typically attach to the house wall have been shimmed with a foam backed vertical support, eliminating the need to screw the unit into the trailer sides.
- Built-in flexibility for movement of deck and trailer - will not put stress on the screened room, nor the trailer
- Horizontal mounting rail may be put on the trailer in the same place as the old awning rail. Eliminates the need for additional holes in the trailer wall
- Complete with Heavy Duty Vinyl top, gable ends, mounting rail, roof rafter system, adjustable leg supports.
- The support bar on the inside of the screen panels is 1/3 from the bottom on all panels. This means that you have a clear line of sight when seated.
- Roof tensioning system is built into the end of the roof rafters - accessed from within the overhang using a large thumb nut for ease of operation.
- The combination of roof overhang, roof tensioning system and roof pitch means that water puddles are eliminated.
- All panels are bolted together. No silly cables or plastic pieces. The room **MUST** be screwed to a deck or patio. This is a very high quality, long lasting aluminum framed room that is easily assembled in a few hours.
- The triple ply, heat sealed (welded joints), 14 ounce soft vinyl roof is made to last!
- Frame is 1 1/4" x 3/4" aluminum with baked on enamel finish - in white or taupe.
- Vinyl Top Color Choices - Hunter Green, Dark Blue, Gray, Taupe, Burgundy, Terra Cotta, or White
- Privacy panels / wind breaker panels are available. Simply snap them in behind the screen. Designed to extend the seasons. See [Options Page](#)
- Full one year warranty
- **SPECIAL OPTION:** You can design your screen room to be any combination of enclosed screen room with open canopy (on right or left hand side). Please call us for pricing on the one you would like to build!
- Designed for easy setup on the trailer deck
- Attaches to your home, cottage or trailer wall
- Some minor customization available
- Top easily slides off the front for winter storage
- Smooth Rolling Sliding doors standard - specialized top rail roller system allows for a strong, easy sliding door.
- 1" galvanized steel roof rafters
- Easy to assemble in 4 - 6 hours
